## Teacher Encounters

Teacher encounters are a unique way for teaching staff to learn more about career pathways relevant to their subject area.

Delivered by employers, they give an insight into the world of work. Some are face-to-face, others are online. Some are less than an hour, others are split over multiple days. But all of them will give an insight into the employer, the varied job roles they offer and how today's students can set themselves up to be the future team members in these roles.

If you are an employer and would be interested in hosting a Teacher Encounter, please email Lucy Gray ([l.gray@heylep.com](mailto:l.gray@heylep.com)).

Thanks to our network of Cornerstone Employers, Enterprise Advisors and partner organisations, we already have a strong programme of Teacher Encounters available for you to sign up to.

For more information about each of these opportunities, follow the links below.
